PARK VISTA OF YOUNGSTOWN

Welcome Back!

Welcome back, lifelong learners, to the Park Vista Campus and our Mahoning Valley Lifelong Learning Institute! We hope you join us for a semester packed with exceptional programming in our brand new home.

The Gelhaar Center, the most recent addition to the Park Vista campus, is a magnificent space that includes the Kyle Lyceum, an 864-square-foot addition to the Gathering Room. The Kyle Lyceum is equipped with the latest technology, including a theater grade audio/visual system, headsets for the hearing impaired, and two-way video conferencing capability that provides access to virtual distance learning. The Gelhaar Center also includes great places for socialization and reflection in the Lamb Parlor, the Neckerman Porch and the Berlin Sculpture Garden.

A foundational piece to our Institute's success now and into the future is the endowments to our lecture series for history and political science, arts and culture, and religion and spirituality. We owe a debt of gratitude to our donors for their belief in our vision to create the Institute. Their generosity can be seen in every facet of the building, with its great spaces for learning and reflection, and in the endowments that strengthen and sustain its programming.

Make time to explore, learn and discover this fall at our Mahoning Valley Lifelong Learning Institute.

See you soon!
